A Deadly Explosion in an Allegheny Grocery Store.

Seven Persons Seriously Injured and One of Them May Die.

After a Fire in the Building the Firemen Were Sent Into the Cellar to Investigate—The Explosion Followed—The Damage to the Building Small.

PITTSBURGH, May 14.—Seven people were more or less seriously injured in an explosion of natural gas and kerosene in the cellar of the grocery store of Charles Flocker, at West End and Kirkpatrick avenues, Allegheny, Wednesday evening. The injured are: John Norton, fireman, badly burned about the face and hands and inhaled flames, may die; Robert H. McKain, fireman; Charles Herman, fireman; Wm. Richardson, policeman; Lee Ellisoro, fireman; Joseph Gaber, foreman of Engine Co., and William Cahn—a boy—all burned about the face and hands. At 9 o'clock fire was discovered in the building and Engine No. 3 responded to the call. When the flames were extinguished, Chief Hunter, of the fire department, suggested that the firemen go into the cellar of the building to see that there was no more fire. Several of the firemen started to go down the stairway when a terrific explosion took place, hurling the men down. All of those who had descended into the cellar were completely enveloped in the flames and it was many minutes before they were rescued, Norton being the last one taken out. The damage to the building was small.

CONSUL WILLIAMS

Presents the Claims of Two of the Alleged Filibusters to the Spanish Authorities.

HAVANA, May 14.—Capt. Gen. Weyler has extended temporarily the operation of the last edict issued by him granting pardons to insurgents who shall surrender to the authorities within a specified time so that it now appears to the province of Havana and Mantanzas as well as to the Pinar del Rio province.

United States Consul General Williams has presented to the authorities the claims of two of the prisoners alleged to have been members of the last filibustering expedition, and required that the men be given a civil trial on the ground that at the time of their capture they were not bearing arms. He has also made a similar request on behalf of the Frenchman who recently arrived here on an American ship.

TRIPLE MURDER.

Mrs. Henry Schwatka, Little Daughter and a Chinese Servant the Victims. YRKA, Cal., May 14.—Mrs. Henry Schwatka, her little daughter and a Chinese servant were murdered at their home on the Prather ranch in Butte Creek valley Wednesday morning. Two tramps who discovered the crime are being held by the authorities pending an investigation. It is supposed by many that the Chinaman first shot Mrs. Schwatka and her daughter and then committed suicide, but this belief is not shared by the husband of the murdered woman. The husband is a brother of the late Lieut. Schwatka, the well known Arctic explorer, and is one of the most prominent and highly respected men in the county.

THE TREATIES

Of 1795 and 1877 Will Probably Be Denounced by the Spaniards.

MADRID, May 14.—The suggestion recently made by the Imparcial that the treaties between the Spanish and United States governments made in 1795 and 1877 be denounced, is much discussed in political and military circles. The suggestion meets with general approval on the part of the Spanish press. The Spanish admiral in command in Cuba has sent the case of the filibustering schooner Competitor to the navy court here with a view of having the vessel declared a lawful prize.

The Withdrawal of Gold.

WASHINGTON, May 14.—The withdrawals of gold from the treasury Wednesday were \$1,538,000, which reduces the treasury gold reserve to \$114,450,881. THE METHODISTS.

Policy of Intervention in Armenian Massacres—Time of Holding Next General Conference Changed.

CLEVELAND, O., May 14.—The Methodist conference was opened Wednesday with Bishop Vincent in the chair. The devotional services were conducted by Rev. R. E. Gillum, a colored minister from central Missouri.

The first resolution offered denounced in the strongest terms the Armenian outrages and massacres, and referred to the apathy of the Christian governments of Europe and America. It closed by calling on congress to pass a joint resolution authorizing the president to enter into negotiations with the European powers most directly interested, with the view of interfering and preventing further massacres. The resolution also provided that a copy of the resolutions be sent to both houses of congress. It was referred to the committee on state of the church without discussion.

The proposition to change the time of holding the general conference from May 1 to the first Wednesday in May aroused a discussion on the point of constitutionality of the action. Three-fourths of the annual conferences have approved it, and it was approved by more than two-thirds of the general conference. Dr. Leonard led the opposition, but he was literally buried, as the vote stood 397 yeas and 19 nays. The next general conference will therefore meet on the first Wednesday in May, 1900.

A proposition was presented by Rev. L. R. Fisk, of Detroit, to hold the general conference each six years. It was referred to the committee on state of the church.
